

## SAVING TOMATO SEEDS

[www.HOMEGROWN.org](http://www.HOMEGROWN.org)

### things **YOU** need:

- ball jars
- cheese cloth
- envelope for seeds
- knife
- mesh strainer
- paper towels
- tomatoes
- water

### WHY SAVE SEEDS?

To take control of the sources of your food. To participate in the natural processes of nature:

**PLANT, GROW, FLOWER, SEED, PLANT.**

To preserve biodiversity & the propagation of heritage seeds. To KNOW that you grew it yourself!

**DO IT YOURSELF.**

*Detailed instructions  
on other side of card.*
